Electronic Reports Required

Electronic reports must be in the National Association of Unclaimed Property Administrators (NAUPA) Standard Electronic File Format. Electronic reports may be submitted on a CD or 3.5" diskette. We do not recommend emailing reports.

There are several software packages available that will generate a report in the NAUPA Standard File Format.

There are two **free holder reporting software** options:

> http://www.unclaimed.org/reporting/free-holder-reporting-software/
> This software is officially endorsed by NAUPA.

> http://www.wagers.net
> This software is sponsored by ACS Finance and Revenue Solutions, Wagers & Associates, Inc.
